

EQUILEND NGT

NEXT GENERATION TRADING (NGT) is a multi-asset class trading platform for the securities finance marketplace. Accessed through NGT’s intuitive, Web-based user interface or via full automation using our proprietary messaging protocol, NGT offers access to global securities finance trading to firms of all sizes. With tens of thousands of trades conducted on the platform around the globe each day, NGT offers unparalleled liquidity in the securities finance market. NGT’s strategic features increase trade-level transparency, improve workflow automation and generate efficiencies market wide.

T+1 Ready

NGT is available 24 hours a day for real-time securities lending trading between lenders and borrowers, including traditional stock loan and fixed income lending as well as to cover settlement fails. New counterparties benefit from free onboarding and integration.

Strategic Features:

- Negotiation tools with real-time bid/offer workflow
- Trading on screen or via automated messaging
- Straight-through processing for trade decisions and bookings
- Targeted Availability (TA): up-to-date, executable inventory
- Indications of interest (IOI): market discovery tool
- Borrower-to-lender and broker-to-broker trade flows
- Flexible non-cash collateral communication
- Streamlined static data setup and ongoing maintenance
